

# MODEL 517 XHD SCRAP CHOPPER

scan here for video

## An Excellent Chopper for Processing Large Volumes of Linear Scrap

**The Model 517 XHD provides a large cutting capacity. This is the chopper of choice for custom applications or for operations converting substantial quantities of linear scrap materials.**

Prepared for an abusive environment, the 517 XHD has a strong 1/2" plate steel housing. The 517 XHD also features a magnetic starter to protect workers from an unexpected restart after loss of power. The powerful air activated feedworks is controlled with a footswitch for operator safety, and is also capable of despooling scrap wire and cable from reels. Additional safety options are available.

### Material Reference

The recommended model of scrap chopper is determined by scrap size, scrap volume, and requested custom features. Please consult a SWEED representative to determine the appropriate scrap chopper for your application.

- » High-tensile bale wire
- » Small, solid, aluminum and copper bars
- » Jacketed and non-jacketed wire and cable
- » For other materials, consult SWEED

*The Model 517 XHD is shown sitting on and over an optional basic stand and 1/2 yard self-dumping hopper.*

### CONSTRUCTION FEATURES

- » Footswitch controlled air activated feedworks
- » Magnetic starter
- » Infeed funnel with "Anti-Kickback" flap
- » Knives have 4 usable edges and can be rotated (3 times) for extended life
- » One year warranty

MODEL 517 XHD

# PRODUCT SPECIFICATIONS

## PERFORMANCE DATA

<b>Electric Motor</b>	5 HP
<b>Electrical Options</b>	3 PH - Multiple voltages available
<b>Infeed Speed</b>	90 FPM
<b>Separate Feed Motor</b>	2 or 3 HP
<b>Infeed Opening</b>	6 5/8" W x 1 5/8" H
<b>Cut Length</b>	3 1/2" standard (smaller cut lengths available with different knife configurations)
<b>Number of Stationary Knives</b>	1
<b>Number of Rotating Knives</b>	1 standard (up to 4 optional)
<b>Overall Chopper Dimensions</b>	56" L x 34" W x 30" H
<b>Chopper Weight</b>	1,492 lbs
<b>Chopper Shipping Weight</b>	1,577 lbs

*SWEED provides multiple electrical options. Consult SWEED for specific electrical package requirements. Non-standard voltages are subject to an additional charge.*

### Additional Protection Upgrades

- » Custom Infeed Funnels
- » Machine in Use Light Indicator
- » Wash-Down Motor & Electrical
- » Timed Shut-Off
- » Advanced Protection System  
(For Maximum Operator Safety)

### Available Options

- » Split Infeed
- » Magnetic or Smart Starter
- » Custom Infeed Rates
- » Independent Feedworks
- » Multiple Rotating Knife Configurations for Smaller Cut Lengths
- » Inverter Duty Motor
- » Slitter Line Version

### Optional Containers

- » 1/2 Yard EZ Dump Hopper
- » Outtake Conveyor
